Final Presentation Instructions

Students should create a pre-recorded video presentation no longer than twenty minutes. It can be created in any manner the team and faculty advisor feel appropriate. The video will be public facing and is to be loaded to the Drexel servers and anyone with a link to the video will be able to view it.

The instructions for loading the video are:

https://docs.cci.drexel.edu/display/CD/Kaltura+Drexel+Streams++Adding+Media+to+Bb+Learn++Student+Instructions

When the video is loaded, please email the link to your faculty adviser.

Also, please regenerate your webpage using the template found at:
